MODELS IN CONFLICT

Trauner Verlag Dez 2011, 2011. Taschenbuch. Book Condition: Neu. 212x149x15 mm. Neuware - For almost four decades Version Control Systems (VCSs) have been an indispensable part for an effective software development process. VCSs store artifacts (such as files and directories) in a repository along with their evolution history. To support asynchronous collaboration between users, artifacts can be edited in parallel but the modifications must be combined into a single new version of the artifact by means of a three-way merge...
